

CONTROLLED DRUGS

WE HAVE THE SOLUTIONS 2017

DISPEX CAN PROVIDE YOU WITH ALL YOUR NEEDS IN CONTROLLED DRUGS Every General Medical Practice, Registered Pharmacy, Veterinary Practice and Care Home will be aware that it is a legal requirement to record the obtaining and supply of Schedule 2 Controlled Drugs.

Controlled Drug Registers

Every general medical practice and registered pharmacy are legally required to record the obtaining and supply of Schedule 2 Controlled Drugs.

The Controlled Drugs Registers are fully compliant with Controlled Drugs current legislation.

Denaturing Kits

The denaturing of Controlled Drugs could be classified as 'waste processing', and as such, may require a waste processing licence.

However, the Environment Agency and the Home Office have agreed that the denaturing of medicines as required under the Misuse of Drugs Regulations will not be subject to this requirement. Instead a Denkit should be used.

Controlled Drugs Training Courses

This course is designed to ensure that you are complying with all requirements of the law on controlled drugs. From purchasing to dispensing we help you with the entire process of holding and managing controlled drug stock. This course is suitable as a grounding for new dispensers to give them the background on CD legislation AND those entrusted with CD control in the surgery.
