

Dosette Boxes

7 Day Disposable Compliance Aids

The dosette system has been designed for patients in the community who need help ensuring they take their medicines regularly in order to achieve the best health outcome!

This system offers four tray types:-

The original CL01 tray: is light and compact, safe and very easy to use. The transparent tray and seal ensures that the medication is clearly visible and medication times are clearly stated. The specially designed seal ensures that the patient can easily access their medication and that it is not affected by moisture.

The XL tray: was designed to allow more patients to benefit from the advantages of using a monitored dosage tray system! The XL tray can accommodate a higher volume of tablets.

The CL08 system: are also a disposable weekly pack, specifically designed for use by Community patients. The lower running costs of CL08s makes this newer system a very attractive proposition!

The Duo system: are specifically designed for patients taking medication twice a day.
